

September 19, 2012

Waveguide Consulting's Atlanta office is currently seeking qualified candidates for an immediate opening as a senior consultant to lead audiovisual, videoconferencing and AV/IT projects across a broad range of market segments, including corporate, higher education and government.

At Waveguide, a senior consultant is the primary point of contact for our clients with respect to their projects. Additionally, they serve as the interface between our clients and our in-house design team to ensure accurate information is communicated and all work is completed on time, on budget, and consistently meets Waveguide's standards of quality.

The ideal candidate will have a minimum of 10 years of relevant experience managing professional AV/IT projects, preferably as an independent consultant. Professional certification such as the CTS-D (InfoComm) or PMP (Project Management Institute) is preferred. Candidate must possess strong verbal and written communications skills and a four-year degree in a relevant technical field. In addition, project experience with a \$2 million to \$5 million AV budget, experience with multi-year deployments and international project experience is desired.

Typical job responsibilities will include the following:

- Developing program reports, project scheduling, and budgeting for projects
- Managing AV/IT projects
- Design review of technology systems and associated building support infrastructure
- Overseeing integrator bidding and construction administration
- Representing Waveguide at project meetings
- Generally assisting with Waveguide projects and other tasks as needed

Waveguide Consulting Inc.—an independent technology consulting firm headquartered in Atlanta, with offices in Raleigh, NC; Tampa, FL; Houston; and Los Angeles—is a national leader in the AV industry. Waveguide provides comprehensive technology consulting services, including audiovisual, acoustical, structured cabling, as well control systems programming and ongoing technology management services in the higher education, corporate office, government and legal, house of worship, historical preservation and theater markets.
